3<sup>rd</sup> International composites conference  
 Organized by **JEC GROUP** & 

July 18th, 2018 - Chatrium Hotel Riverside, Bangkok	
08:30-09:00	<b>Registration</b>
<b>Morning Sessions</b>	
09:00-09:10	<b>Thai Composites Association</b> Danu Chotikapanich, President
	Welcome Speech
09:10-09:20	<b>JEC Group</b> Frederic REUX, Editor JEC Magazine
	Is Construction the most promising sector for composites?
09:20 - 10:00	<b>Affan Innovative Structures</b> Dr. Amer Affan, CEO
	Architectural project showcases in Composites
10:00-10:30	<b>Diab</b> Todd Henry
	Successful Composite Designs in Architecture and Civil projects
10:30-10:50	<b>Coffee Break &amp; Networking</b>
10.50 - 11.30	<b>DBALP</b> Duangrit Bunnag
	<b>Composites from Architect perspective</b>
11:30-12:00	<b>Exel</b> Mikko Lassila
	Composites in future Smart Cities
12:00-13:20	<b>Lunch Break &amp; Networking</b>
<b>Afternoon Sessions</b>	
13:20-14:00	<b>Premier Composite Technologies LLC</b> Gabi Böhm, Principal Architect and Mark Hobbs
	Large span and self-supportive advanced Composite structures
14:00-14:30	<b>Altus Group Inc.</b> John M. Carson, Executive Director of AltusGroup, Inc
	CFRP Enclosures using Precast Concrete – “The Ideal Wall” System Solution!
14:30-15:00	<b>Coffee Break &amp; Networking</b>
15:00-15:40	<b>Saertex, Scottbader, Aditya, etc.</b> FST Panel discussion
15:40-16:10	<b>Axia Materials</b> Justin Jin
	Housing
16:10-16:40	<b>G12 Innovation</b> Gilmar Lima
	The Evolution of Constructive Systems in Composites
16:40-18:00	<b>Networking &amp; Exhibition</b>
<b>VIP Reception</b> (by invitation only)	

July 19th, 2018 - Engineering Faculty, Chulalongkorn University	
08:30-09:00	<b>Registration</b>
09:00-09:30	<b>StrucTEAM</b> Julien Sellier
	Addressing the challenges of engineering composite civil structures
9.30 - 10.00	<b>Gurit</b> Tony Stanton
	Structural FRP composites in Architecture and Urban design
10:00-10:30	<b>Coffee Break &amp; Networking</b>
10.30 - 11.00	<b>NONTRI Co.,Ltd.</b> Thammachat Kulphrapha
	Improving Structural Behavior of Concrete Buildings and Bridges Using CFRP
