

## PRESS RELEASE

Paris, January 24<sup>th</sup>, 2022

### JEC WORLD 2022 POSTPONED: NEW DATES ANNOUNCED FOR MAY 3RD TO 5TH, 2022

**After thorough consultation with the exhibitors and partners of the event, JEC Group has decided to postpone the 2022 edition of JEC World. The world's leading composites event will now take place from May 3rd to 5th, 2022, at the same venue Paris Nord Villepinte, as well as online via the JEC World Connect digital platform.**

JEC World gathers the whole value chain of the composite materials industry in Paris, France every year and is “the place to be” for composites professionals from all over the world. The event brings together not only all major global companies, but also innovative startups in the field of composites and advanced materials, experts, academics, scientists, and R&D leaders. JEC World is also the “festival of composites”, offering a unique showcase of what composites can offer to various application sectors, from aerospace to marine, from construction to automotive, and an unlimited source of inspiration for participants from these industries.

*“We are fully dedicated to supporting the composites industry and to fostering its development via our events and media activities. Exhibitors and partners are strongly supporting JEC World, their leading event and want to meet in person in 2022 to activate business, share knowledge and highlight innovations. Postponing from March to May is a way to offer improved conditions to satisfy the industry requirements for such a trade fair as JEC World”,* says Eric Pierrejean, CEO of JEC Group.

The JEC World team has decided to postpone the event after conducting a survey of its exhibitors and partners, confirming almost unanimously that they are in favour of the new dates in May. As already planned, for three days, the event will offer for the first time a digital platform, JEC World Connect, in parallel to the in-person event in Paris for an augmented digital experience. Even after the show, via the JEC Web TV, unique content will be available to extend the reach of the event.

*“Our main concern is to create the best possible conditions for our participants for successful networking, inspiration and business success. With a postponement of eight weeks we can enable this and offer to the industry the event it deserves. Taking the decision now, after consultation of all exhibitors, was necessary to give them planning and preparation visibility,”* adds Thomas Lepretre, VP Events, Sales and Operations.
