

PRESS RELEASE

April 5th, 2022

Germany, a key country at JEC World 2022

JEC World is back! With its top one mission, to support the growth and promotion of the composite materials industry by developing know-how and business connections channels and platforms. Driven by a wave of enthusiasm and a strong will to get back together, the unmissable event will reunite all the actors of the composites sector giving them the opportunity to meet onsite or online.

GERMAN KEY FIGURES

- 229 exhibitors
- 5 pavilions
- 6 Innovation Awards finalists

The German composites market has been, for years, one of the most thriving and innovative one, with many companies across the value chain, universities and research centers. Germany has been continuously in the top 3 countries in terms of exhibitors and visitors at JEC World. This year makes no difference: 5 German pavilions are at the show, brought by NRW International, LMI - Leipziger Messe International, Hessen Trade & Invest, Composites United E.V., and Baden-Württemberg International and gathering close to a hundred of exhibiting companies.

Among the other exhibitors, some key players of the composites industry: HUNTSMAN, TEIJIN, GURIT, SAERTEX GMBH & CO KG, EVONIK INDUSTRIES AG, WESTLAKE EPOXY / FORMELY HEXION, SGL TECHNOLOGIES GMBH, ENGEL AUSTRIA GMBH, FILL GESELLSCHAFT M.B.H, ISOVOLTA AG.

Driving innovation in the composites' universe

Germany has always been a hub for R&D and innovation, resulting in a **wide German representation among the finalists of the JEC Composites Innovation Awards 2022** in categories such as Equipment & Machinery, Building or Automotive & Transportation:

- First competitive structural application – CFRTP, BMW-AG
- Lightweight multi-material door, Hyundai Motor Europe Technical Center GmbH
- Marine rotor blades made of Voith 'Carbon4Stack', Voith Composites SE & Co. KG
- Seamless Integration of Flexible Solar Film in FRP, AUDI AG
- Eco Facade – Building facade biocomposite panel, EFW – Elbe Flugzeugwerke GmbH
- Winding the future – Fibraforce technology, Fibraworks GmbH

Products will be displayed during the show- a must see for the participants to JEC World, whether on site or online.

6 German startups are also in line for the JEC Composites Startup Booster competition: they will present their new concepts in a pitch session on May 3rd, winners will be announced on May 4th!

- Category "Products & Materials": FibreCoat and Revolve
- Category "Process, Manufacturing & Equipment": ANYBRID, Carbon-Drive, Fibraworks, Herone

SEE YOU THERE!

About JEC Group

JEC Group is the world's leading company dedicated entirely to the development of information and business connections channels and platforms supporting the growth and promotion of the composite materials industry. Publisher of the JEC Composites Magazine - the industry's reference magazine, JEC Group drives global innovation programs and organizes several events in the world, including JEC World (the foremost and world-leading international exhibition dedicated to composite materials and their applications), which takes place every spring in Paris.
