

PRESS RELEASE

April 5th, 2022

The United Kingdom, a key country at JEC World 2022

JEC World is back! With its top one mission, to support the growth and promotion of the composite materials industry by developing know-how and business connections channels and platforms. Driven by a wave of enthusiasm and a strong will to get back together, the unmissable event will reunite all the actors of the composites sector giving them the opportunity to meet onsite or online.

BRITISH KEY FIGURES

- **65 exhibitors**
- **1 pavilion with 27 exhibitors**
- **8 Innovation Awards finalists**

Each year at JEC World, the presence of the British composites industry is the perfect reflection of its energy, strength and remarkable potential for the future. In 2022, the trend is not only constant: it thrives! The British regional pavilion will be the bigger than it has ever been, partnering with Composites UK and other corporate bodies, and along with more than 60 exhibitors such as COATS, GKN AEROSPACE, SCOTT BADER, SHD and SHARP & TAPPIN.

Brexit has presented a new challenge for companies, but the composites industry relies essentially on international connections and JEC World will be the perfect place for developing business ties that overcome administrative obstacles.

Driving innovation in the composite's universe

The UK has always been a hub for R&D and innovation, let's not forget that McLaren was the first to introduce carbon fibre into Formula One, resulting in a wide British representation among the finalists of the JEC Composites Innovation Awards 2022 in categories such as Design, Sports, Shipbuilding or Renewable energies:

- The HX50 Helicopter, by Composite Integration Ltd
- The IRIS Lower Wing Cover, by Spirit AeroSystems
- An aerospace grade fibre-steered cylinder, by iCOMAT LIMITED
- The TUCANA, by Jaguar Land Rover Limited
- The Te Ahi Tupua – a composites & artistic design,
- A zero-emission high speed ferry,
- And the Spabond 800 Series – an adhesive innovation, all by Gurit UK Ltd
- The Kromaskin field hockey stick for adidas, by Hypetex

Products will be displayed during the show- a must see for the participants to JEC World, whether on site or online.

Stay tuned: winners will be announced on a special ceremony one week before JEC World: on April 26th!

SEE YOU THERE!
